Alpenglow®

MADE WITH ORGANIC INGREDIENTS

100% Natural • Handmade in Alaska • Skin & Hair Care

Alpenglow Skin & Hair Care is a small family-run business located in Anchor Point, Alaska.

Why: Their mission is to promote your health and radiance with 100% natural, entirely handmade from scratch, superior quality skin and hair care products using organic, wildcrafted and home grown herbs and flowers.

"We are concerned about your health, our health, and the health of the planet." - Susan E.

What: Alpenglow focuses on 100% natural skin and hair care products for everyone.

How: Their products are formulated so that each and every ingredient is beneficial to your skin, hair, and health. It is a different process than the commercial industry that invests highly in packaging and marketing.

Alpenglow uses numerous home-grown and wild-harvested organic herbs and flowers for every product to make them unsurpassed in quality and purity and reduce shipping, thereby fuel consumption, of these local ingredients.

Pure and organic ingredients are non-irritating, mild and effective at nourishing and moisturizing the most sensitive complexions. Pure essential oils are used directly from plants and flowers to scent products.

Alpenglow also focuses on soil health and use cover crops to give more back to the soil than we take out.

Products available at Blue Market AK: face cream - hand & body lotion - body oil - face, hand & body wash - facial cleanser - shampoo - shampoo & shave bar - conditioning hair rinse - natural deodorant
